

Camera Access Instructions:

APPLE users please download the app called HikCentral Mobile from the App Store, or use this QR code for quick access to the app.

Scan QR Code to Download

ANDROID users please download the app called HikCentral Mobile from Appstore.hikvision.com. Do not use the app from the Play Store as it will not work.

Scan QR Code to Download

Should you have problems logging in, please go to appstore.hikvision.com and click on "Installation Help". This will show you how to change your phone settings to allow the app to work correctly.

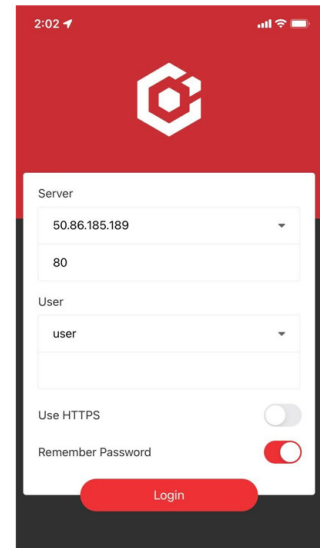

Set up your app as follows:

Server: 50.86.185.189

80

User: your child's first and last name lower case no spaces (firstlast)

Password: your child's date of birth with 2 exclamation points (MMDDYY!!)

Additionally, if you would like to view on a **DESKTOP**, you can install the software from the following link:

https://us.hikvision.com/sites/default/files/software/hikcentral_professional_control_client_v2.1.0.20210616071132_win_x64_installer.exe

Enter the server name 50.86.185.189 and your user name and password. On your first login click the menu at the top left, then SURVEILLANCE, then MONITORING, then double click the camera you want to open.

Your **camera access is available only during our operating hours M-F 7:00am-6:00pm**, so you can log in tomorrow morning at 7:00am. Should you have any issues please email us at myfirstfuntime@gmail.com. Let us know the error message you get or the problem you are having, as well as the best contact number for you, and we will have our IT team get back with you to resolve any problems.
